Mogae**, Chairperson of the Joint Monitoring and Evaluation Commission (JMEC) on the current situation of the Republic of South Sudan.

After discussing and exchanging views on the briefs and reports,

On Somalia **The Council,**

1. **Notes** the Federal Government of Somalia's commitment to ensuring an inclusive electoral process within the constitutionally mandated timeline in 2016 and commends the Federal Government and regional federal states for their efforts to seek a consensus agreement on a model for the 2016 elections.
2. **Supports** the Federal Government's decision on a model for the 2016 elections and directs the IGAD Office for Somalia to assist the Federal Government and regional

federal states to ensure an inclusive and consensus based implementation of this model. In this regard, **requests** IGAD Member States and international partners including the UN's collaboration in confronting spoilers of Somalia's political and security process in this vital year of 2016.

3. **Decides** to establish an IGAD Ministerial team composed of the Chair (Ethiopia) and Rapporteur (Kenya), Djibouti and Uganda to support the Federal Government's engagement with federal states in order to ensure the smooth and timely implementation of this electoral model.
4. **Urges** the Federal Government to rapidly conclude the remaining Hiraan and Middle Shabelle state formation process and the on-going dialogue and reconciliation between the Galmudug Federal State and Ahlu SunnaWal Jamaa (ASWJ).
5. **Commends** the continued courage and commitment of AMISOM and Somalia National Security Forces and condemns the recent Al Shabaab attacks in El Adde and at the Lido beach in Mogadishu as well as all attacks against the civilian population. The Council notes that significant progress has been made since AMISOM's initial deployment in 2007 but agrees that the attacks in Leego, Janaale, El Adde and Mogadishu, show that overall progress remains fragile.
6. **Welcomes** the offer made by the Foreign Minister of Djibouti that his country hosts a Summit level meeting of AMISOM Troop Contributing Countries before the end of February 2016 to consider proposals on how to revitalize the current campaign, secure outstanding force enablers, deliver effective command, control and co-ordination across sectors and establish a sustainable financing framework and **requests** the African Union Commission to urgently initiate preparations for this meeting.
7. **Recommends** that the AMISOM TCC Summit is preceded by an African Union Commission expert level meeting bringing together TCC Chiefs of Defence and the Somalia National Army leadership to develop concrete proposals for adoption by the February 2016 Summit meeting.
8. **Welcomes** the appointment of His Excellency Donald Kaberuka as the African Union's High Representative for the African Union Peace Fund and recommends the establishment of an AU, IGAD, UN joint expert working group to develop proposals for sustainable AMISOM financing. The experts' findings and proposals will be presented at the February 2016 AMISOM TCC Summit.
9. **Commends** the Federal Government of Somalia's decision of 9 September 2015, to fast-track public financial management reform within the security sector and **urges** swift implementation and international support to this important initiative as AMISOM's exit and the IGAD region's security is directly linked to the ability of the Federal Government of Somalia to predictably finance and manage its security forces and institutions.

10. **Notes** with concern that the IGAD sub-region is facing a number of inter-related transnational security threats- most notably increased levels of terrorism and radicalization and recognizes that the recent worrying pledges of allegiance to the Islamic State (IS) by some Al Shabaab elements and the regional security implications of the Yemen conflict have highlighted the need for effective mechanisms for joint security co-operation to tackle the most critical common security threats.
11. **Recommends** the establishment of a Regional Security Co-operation Framework (RSCF) between Somalia and its neighbors and the establishment of a platform for regular security dialogue and co-ordination to address common security threats and challenges and **decides** to hold a Ministerial meeting with relevant IGAD member states to implement this initiative on the sidelines of the February 2016 AMISOM TCC Summit meeting in Djibouti.
12. **Reaffirms** the strong solidarity among IGAD member states and their commitment to continue supporting state-building and reconciliation in Somalia and expresses appreciation for international partners and organizations that are currently providing financial, material and technical assistance to Somalia.
13. **Commends** the critical role that the IGAD Office of the Facilitator for Somali Peace and National Reconciliation continues to play in supporting the implementation of the Federal Government's Vision 2016.
14. **Proposes** that the next IGAD Assembly of Heads of State and Government be held in Mogadishu.

On South Sudan:

The Council,

1. **Welcomes** the commencement of the work of the Joint Monitoring and Evaluation Commission (JMEC), the Ceasefire and Transitional Security Arrangement Monitoring Mechanism (CTSAMM), the National Constitutional Amendment Committee (NCAC) and the Joint Military Ceasefire Commission (JMCC), but **notes** the limited progress to date in most aspects of the implementation of the Agreement on the Resolution of the Conflict in the Republic of South Sudan (ARCSS).
2. **Further welcomes** the agreement between the Parties on the selection of ministerial portfolios and the Parties' continued compliance with the Permanent Ceasefire in most parts of greater Upper Nile, given the fragility of the security situation throughout the country.
3. **Appreciates** the ongoing support by partners and friends of South Sudan to address humanitarian needs and support the implementation of ARCSS, and **calls for** their continued commitment to support South Sudan throughout the process of the implementation of the agreement.

4. **Commends** the Chairperson of JMEC for his tireless efforts to implement the Agreement, **reiterates** its full support for the Terms of Reference of JMEC while reaffirming the need for consultations between the Chair and IGAD regional leaders.
5. **Expresses** concern at the ongoing violence in Western Equatoria and Western Bahr el Ghazal, and demands that the Parties take all necessary actions to ensure that the Permanent Ceasefire is fully respected.
6. **Appalled** by the deterioration in the humanitarian situation in South Sudan, and demands immediate action by the Parties to ensure unconditional humanitarian access across the country to avert further crisis and tragedy.
7. **Concerned** by the recent decision of the Government of South Sudan to implement the October 2, 2015 Presidential Decree on the creation of 28 new states, given that such action is inconsistent with the terms of ARCSS. However, Council **underlined** that this should not delay the formation of the Transitional Government of National Unity (TGoNU) and **urges** the rapid formation of the TGoNU to enable dialogue on this matter.
8. **Notes** the continued absence from JMEC and other transitional institutions of political parties not aligned with the Government, **urges** all Parties to participate in the institutions, and **calls upon** the Government of South Sudan to facilitate the unimpeded participation of all Parties in these institutions, including in the Transitional National Legislative Assembly, as provided for in the Agreement.
9. **Demands** the full and unconditional implementation of the Agreement by the Parties.
10. **Calls** on the Parties to immediately implement, by no later than the first week of February 2016, the first phase of the Transitional Security Arrangements for Juba in order to provide for the establishment, without further delay, of the TGoNU.
11. **Further calls** on the Parties comprising the TGoNU to immediately embark on addressing the humanitarian, economic, and security challenges that the country faces once the new government is formed.
12. **Urges** the Parties, subsequent to the formation of the TGoNU at national level, in the absence of agreement on the creation of new states, to suspend further action on implementing the operationalization of new states until an inclusive, participatory National Boundary Commission comprising all Parties to ARCSS reviews proposed states and their boundaries, and that this review process occur, for a period of up to one month.
13. **Indicates** to the Parties that in the event there are outstanding disputes at the end of the boundary commission review process, the Parties should revert to the provisions of the Agreement.
14. **Calls** on the Parties to incorporate the Agreement into the transitional constitution as signed, but **confirms** that the TGoNU can be formed on the basis of ARCSS, and the provisions which render it supreme to the constitution.
15. **Calls** on the African Union Peace and Security Council (AUPSC) and the United Nations Security Council (UNSC) to affirm their commitment to supporting JMEC and the Agreement, including their willingness to support consequences, should the Parties further fail or refuse to implement the Agreement, and asks the AUPSC and the UNSC to review the progress made in implementation within two weeks of this meeting.
